

ZINCO

DR. LINNFIELD LABORATORIES

www.dllpl.com

Nutrients	Percentage (%)
Zinc (Zn)	39.5%

Dosage & Application

Recommended Dosage

- ↑ Foliar :5 ml per 10 litre of water
- ↑ Soil/Drip Application :Apply 10 ml per 10 litres of water
- ↑ Drone Spray : Apply 100 ml per acre depending on crop stage

Application Frequency

- ↑ Apply 2–3 times during crop growth stages
- ↑ Maintain 20–25 days interval between applications

Application Guidelines

- ↑ Use during active growth stages of crop growth
- ↑ Ensure proper dilution before application
- ↑ Suitable for foliar, drip, and drone application
- ↑ Adjust dosage based on crop type and requirement

www.dllpl.com

BENEFITS

- ↑ Enhances Photosyntheses, Chlorophyll, Lipids and Enzyme activation
- ↑ Boosts plant immunity and stress tolerance
- ↑ Supports balanced growth and healthy development
- ↑ Enhances plant synergy and productivity
- ↑ Improves overall crop quality and yield

PHYSICAL & CHEMICAL PROPERTIES

Parameter	Details
Colour	Silky Creamy White
Form	Silky Smooth Liquid
pH	9.0 +1
Specific Gravity at 15 degree C	1.71 - 1.75
Composition	Zinc Enriched Formula
